

Technical Data Sheet

Everlast 4B

High Pressure Gate Valve Lubricant and Sealant

Description:

Everlast 4B is a high-performance lubricant for gate valves carrying natural gas, crude oil, condensate. Everlast 4B contains unique solid lubricant additives that prevent metal to metal contact under extreme conditions of pressure and temperature.

Applications:

Everlast 4B is a specialized lubricant for close tolerance valves and will provide outstanding lubricity and high adhesion to polished metal surfaces. This grease provides corrosion protection and is water-resistant.

Features:

- Fully additive
- 100 % synthetic
- High metal adhesion
- Inhibited for H₂S

Physical Properties:

- ColorBlack
- Temperature Range-20 to 400°F
- Consistency, Cone Penetration (D-217) 320 to 330
- Drop Point, °C None
- Thickener Inorganic
