

Air Operated Lubrication Equipment

Lubchem Model 15C-16 Heavy Duty Grease Pump

The Model 15C-16 Heavy Duty Grease Pump is a reliable, heavy duty air operated grease gun. This pump is equipped with 100:1 ratio air motor that is capable of 15,000 psi discharge pressure. Discharge pressure may be adjusted by regulating the inlet air pressure to the pump through the air inlet regulator. This high-volume grease gun is capable of pumping 5 lbs. per minute of NLGI #2 grease and approximately 1/2 ounce per stroke.

The 15C-16 Pump includes the following:

- High volume delivery is 1/2 ounce per stroke
- Five-inch air motor, 100:1 ratio
- Drum Cover
- Follower Plate
- For use with 16-gallon drums
- Pumps 5 pounds per minute of NLGI # 2 grease
- Adjustable discharge pressure up to 15,000 psi
- Maximum air inlet pressure 150 psi
- Air inlet lubricator
- Air inlet regulator
- Air inlet gauge
- 10' of 3/8" ID discharge hose included
- Whip hose
- Control Valve
- 15K psi discharge pressure gauge
- Swivel
- High pressure quick disconnects
- Pressure Relief Valve
- Giant Button Head Coupler
- Additional lube fittings available on request
